Comfortable to wear with unrestricted cleaning freedom

Best in the market

CLEANING HAS NEVER BEEN THIS EASY

The Nilfisk Backuum™ has long been acknowledged as a highly productive and efficient method for cleaning congested and hard-to-reach areas such as stairs, cluttered office cubicles and other places where conventional vacuums can't go. Now this freedom is extended even further with the battery-driven version of the Nilfisk Backuum™. Now you don't even have to plug in to an electric socket. Go anywhere. Simply clean as you walk. It's never been this easy – or this fast.

HEPA filter available (cable version) - ideal for dust sensitive environments such as hospitals

- Two models available: Cable version with powerful 1200W motor, battery with battery-pack
- Lightweight and ergonomically designed for maximum comfort
- Easy to put on and take off without back strain
- Hose coupling adjustable for either left-or right-handed use
- Operator has always one hand free for other tasks
- Cleverly designed system directs exhaust air at low velocity away from the operator without disturbing desktop papers
- Maximum productivity with no machine to push or pull
- High-efficiency HEPA filter option available for dust sensitive environments (cable version)
- Robust construction and quality materials ensure long-life and extensive use
- Electro power nozzle outlet for deep cleaning of carpets (cable version)

The battery version gives the operator total freedom and the possibility to clean hard-to-navigate areas

Batteries can be changed in seconds for maximum productivity

The shoulder straps allow the operator complete freedom of movement
